

This dieline/template is for ART LAYOUT ONLY. If you want a dimensional drawing or need specifics on welding or gluing, please tell your representative to fax you a die drawing with these specifications.

This dieline/template is showing the outside of the product. This dieline/template may change slightly due to engineering tolerances and/or manufacturing decisions to better achieve the product you are looking for.

Please indicate when sending in your artwork what you want as your front and your back.

Note:

- Blue Color = Dieline/Cut
- Red = Score Lines/Hinges
- Lime Green = Breaks for Scores/Hinges/Sonic Welds/Glued areas etc.  
(no ink can go in these areas)

Sizes of breaks are for .055 gauge and below. Thicker gauges will have larger breaks!

If bleeding, extend art 1/8" past cut lines.
